

# BEST HI-TECH FACIAL

“Grandiose Lifting Facial”

## Turn Back Time

An alternative to a surgical face lift, the “Grandiose Lifting Facial” at Vedure MediBoutique works to re-educate facial muscles back to their original position.

This extremely effective and relaxing treatment also improves collagen and elastin production, stimulates blood circulation and improves muscle tone and skin elasticity, using micro-current technology from UK. It will leave your skin glowing and your face looking radiant.

You'll also see a marked reduction in the appearance of dark eye circles, wrinkles, acne scars and pigmentation after one session, although a treatment course is recommended for optimal results. For maintenance, it is recommended a treatment once a month.

### About Us

Vedure MediBoutique is at: 501 Orchard Road, #04-06 Wheelock Place, Tel: 6732 6448, or visit [www.vedure.com](http://www.vedure.com) for more details.
