FEATURES With a trio of pampering practices, Vedure's 3-in-1 day spa package includes a classic pedicure, a calming facial and a massage. Treatment begins with a pedicure that Vedure's nail experts finish with the prettiest nail print patterns and colours from Minx Professional by Lisa Logan and nail varnish from OPI. Sparkly metallics, personalised graphics and bold photo-quality designs make up the Minx nail line—nail art made of flexible film that lasts for up to three weeks, while OPI's colour will last one or two weeks. A calming facial that clears dirt from the skin's pores follows, along with a glorious mask and facial massage treatment. The total pampering experience is completed with a revitalising massage—choose either Sports Remedial, Swedish-fusion or Thai-style.

BAZAAR LOVES IT Vedure's vast selection of non-greasy water-based lotions and therapeutic massage oils suit the variety of skin types of women of all ages. A classy ambiance also makes this spa ideal for bonding sessions that mothers, daughters and girlfriends can enjoy.
